Tony Maselli
Director of Athletics

To Parents and Athletes:

As you know your son or daughter will be participating in an over night summer athletic camp which may include other athletes and coaches. Please be advised that we expect our athletes to maintain a respectable decorum during the camp. We believe that Montgomery student athletes should demonstrate respect for the rights, privileges, and safety of fellow student athletes as well as the rules and regulation of the camp and all the facilities being used. Moreover we believe that Montgomery student athletes should conduct themselves as quality citizens while representing their school, community, family and themselves.

Please be advised that if an incident does occur at an athletic camp and warrants review by the athletic department and the high school administration, disciplinary action may be taken by the school district.

Sincerely,

A handwritten signature in cursive script that reads "Tony Maselli".

Tony Maselli
Director of Athletics
